PROFESSIONAL SUMMARY

Senior Fullstack Developer with 3+ years of experience building scalable web applications and AI-driven solutions. Proven expertise in Angular, Typescript, and cloud technologies. Master's candidate in Computer Science with a track record of delivering enterprise-grade solutions for global brands. Specialized in fullstack development, microservices architecture, and test automation.

SKILLS

CURRENTLY USING

Typescript, Golang, Python, Angular, Nest.js, AWS/GCP, Docker/Kubernetes, Websockets, Pub-Sub model, Github Actions, NgRx, Redux, Signals, Axios, PostgreSQL, WebComponents, AWS, Jest, Supertest

USED IN THE PAST

Cypress and Jester (E2E testing), D3, Oracle ECharts, C-Sharp, Golang, React-native, React, Tauri, Ionic (with Capacitor), Java (8 and 12), Python

EXPERIENCE

- | | | |
|---|--|-----------------------------------|
| 10.2024 - Now | Senior Fullstack Developer | Digibate |
| Leading development of an AI-powered marketing platform for SMBs using Angular, OpenAI API, Nest.js, and event-driven architecture. Spearheaded comprehensive backend and frontend refactoring to improve stability and performance. Key achievements: migrated database from MySQL to PostgreSQL, implemented custom OAuth 2.1 authentication, developed Model Context Protocol (MCP) server, and established comprehensive E2E testing infrastructure using Cypress, Jest, and Supertest. | | |
| 06.2022 - 11.2024 | Mid Frontend Developer | WPP plc. |
| Developed and maintained Angular applications (versions 7-18) for market analysis platforms serving enterprise clients including BMW, Coca-Cola, Amazon, and L'Oréal. Built standalone and microfrontend architectures. Led E2E testing initiatives including training programs and complete test pipeline implementation using Cypress for two major projects. | | |
| 03.2022 - 11.2024 | Junior Frontend Developer / Mid Fullstack Developer | Digimonkeys.com sp. z o.o. |
| Developed "Dr. HairCare" - an algorithmic hair care platform for personalized treatment recommendations. Built cross-platform solutions including a Raspberry Pi-based automated response system with integrated mobile application for streamlined user management. | | |
| 08.2021 - 03.2022 | Intern Backend Developer | mBank S.A. |
| Developed and maintained Java-based credit system infrastructure for one of Poland's largest banks. Utilized Python for data analysis and system optimization. Enhanced system reliability and performance through code improvements and bug fixes. | | |

06.2017 - 04.2021 **Senior Service Agent** **Fujitsu Technology Solutions**
Provided first-line IT support for UK and Nordic enterprise users. Managed tickets through ServiceNow, administered Oracle databases and Active Directory, and delivered technical solutions using internal support tools.

EDUCATION

2022 - 2025 **Computer Science [Master's]** **University of Łódź**
Master's degree in Computer Science at the Faculty of Mathematics and Computer Science. Currently completing thesis on advanced software engineering topics.

2019 - 2022 **Computer Science [Bachelor's]** **University of Łódź**
Bachelor's degree in Computer Science, specializing in Networks and Data Processing. Thesis: "WebSocket Applications in Audio and Video Streaming."

SOFT SKILLS

- Strong leadership capabilities with a primary focus on delivering high-quality, responsive, and maintainable software solutions
- Quick learner with excellent decision-making abilities and analytical thinking
- Effective team collaborator with proven ability to work independently when required
- Excellent communicator and active listener, facilitating productive cross-functional collaboration
- Analytical problem solver with systematic approach to complex technical challenges
- Strong planning and organizational skills with ability to deliver under pressure

LANGUAGES

Polish - Native
English - C1

HOBBIES

Software development enthusiast with interests in mathematics, gaming (video games, board games, and tabletop RPGs), automotive technology, and cinema. Avid film enthusiast with particular appreciation for classics including "Scarface," "The Martian," "Vanilla Sky," and "Mulholland Drive."
